

CONTENT PAGE

Ch. No.	Title of the Chapter	Author(s)	Page No.
1	Technological Innovations: Revolutionizing Aquaculture	Hiranmoy Dhara, Sukalpa Mandal, Srinibas Das and Surya Kanta Sau	01-14
2	Climate Smart Aquaculture: Best Practices and Innovations	Rishika, M.S.	15-22
3	Fish, Tech and Future: The Role of Automation and Digital Tools for Sustainable Tomorrow	Guntapalli Sravani, Kurapati Nagendrasai, Uppalanchi Prasannalaxmi, Akamad Kamil D. and Chundru Sri Sai Venkat	23-40
4	Biotechnology in Aquaculture: Unlocking Potential	Supratim Malla and Suraj Kumar	41-49
5	Genetic Improvement: Breeding for Better Aquaculture	Ningthoujam Chaoba Devi, Yaqoota Maqbool, Satyam, Sumit Mallick, Janmejey Parhi and Sagar Chandra Mandal	50-56
6	Microbial and Single-Cell Ingredients: The Future of Fish Feed	Bhuvaneshwaran, T.	57-71
7	Integrated Fish Farming: Fish and Poultry Integration for Better Income	MD Aklakur, Subam Debroy, Sourav Bhadra, MD Imran Shah, Manjulesh Pai and Udipta Roy	72-85
8	Aquaponics: Advanced System for Sustainable Aquaculture Production	Udipta Roy, Rida Riyaz, MD Aklakur, Sourav Bhadra and Subam Debroy	86-111
9	Ferulic Acid: A Key Player in Enhancing Growth and Immunity in Fish	Sourav Bhadra, MD Aklakur, Subam Debroy and Udipta Roy	112-125
10	Pollution from Anthropogenic Sources: Challenges for Sustainable Aquaculture in Aquatic Ecosystems	Muthumannan Vishal, Jebarson Solomon, Ganesh Kumar, Priyadharshini, Sudhanshu Raman and Girija Saurabh Behere	126-135
11	Environmental Impact Assessments: Ensuring Sustainability	Preeti Maurya and Anamika Akarsh	136-151
12	Advanced Technologies for Effluent Water Treatment in Aquaculture: Advancing Environmental Sustainability and Pollution Mitigation	Ganesh Kumar, Jebarson Solomon, Priyadharshini, Sudhansu Raman, Girija Saurabh Behere, Tanuj Misra and Savaliya Bhautik	152-162
13	Water Quality Management: Precision and Practice	Partha Sarathi Roy	163-178

Aquaculture Reimagined: Modern Approaches to Sustainable Fish Farming

Editors: V.P. Saini, Tapas Paul, Ashutosh Kumar Singh, Abhilipsa Biswal and Rupam Samanta

Ch. No.	Title of the Chapter	Author(s)	Page No.
14	Papaya Power: Growth Promotion and Sex Reversal	Yaqoota Maqbool, Ningthoujam Chaoba Devi, Muntasir Ashraf Wani, Satyam, Janmejy Parhi and Anindya Sundar Barman	179-188
15	Empowering Sustainability in Aquaculture: The Impact of NGOs	Gitashree Thengal, Anurag Singh and Liton Paul	189-199
16	Education and Training: Building Capacity in Aquaculture	Trishna Biswal, Shivam Pawar and Saneer Chauhan	200-211
17	Gender Perspectives in Integrated Water Resource Management	Sourav Debnath and Shivaji Argade	212-228
18	Women in Aquaculture: Driving Change and Empowerment	Anurag Singh, Liton Paul, Yateesh D.C., Gitashree Thengal and Anjali Sharma	229-241
19	Aquaculture Marketing and Supply Chain Management	Liton Paul, Yateesh D.C., Anurag Singh, Chandani Dave and Gitashree Thengal	242-253
20	Common Bacterial Diseases in Aquaculture	Pritam Sarkar, Sangita Roy, Tanushree Bhowmik, Liton Paul, Tamal Seth and Kundan Kumar	254-269
21	Aquatic Plants: Natural Remediators of Aquaculture Wastewater	Shiwam Dubey, Vishal, Shalu, Sunil Kant Verma, Amit, Anuj Tyagi and Narendra Kumar Maurya	270-282
22	Aquaculture's Role in Global Food Security	Beemalla Samatha, Shivaji Argade and Amin Binh Basheer	283-291
23	Paddy Fish Culture: Integrating Aquaculture with Rice Farming	Virosanuo Solo, Rekha Yadav, Kavi Sumi and Lowrence Kithan	292-299
